

AFTER SCHOOL SOCCER PROGRAM WITH DAVID & MATHEW FRONIMADIS

The soccer school program is an ideal way for kids to learn how to play soccer and at the same time to develop and refine their soccer skills. The teaching philosophy for this age level is largely devoted to teaching players technique, keeping tactics simple and minimal. The course concentrates on methods used in teaching the techniques of dribbling, shooting, passing and receiving. Focus is on fun, teamwork, good sportsmanship, repetition and the use of small-sided games. Children are instructed in a positive way without pressure, thus encouraging a higher level of confidence that builds enthusiasm, passion and a continued love for the game of soccer.

Duration: - 10 weeks (once a week)
from 2:35 pm to 4:00 pm

Cost: - 100\$ per student (**cash or check payable to Mathew Fronimadis**)
